

Spartan Football Radio Broadcasts Now Available Worldwide on WRON.com

Football season is here again and, as always, WRON-FM will be following the Spartans all season long.

Now, here's some exciting news for Spartan fans around the nation and world! WRON will be providing a live "Webcast" of all this season's games! This real-time webcast will be available only at www.wron.com and can be accessed directly at this address:

<http://wron.com/GEHSAudio.htm>

Or you can simply click on the link at the top of almost any page at www.wron.com to get to the page where the live stream is available. Our webcast will be in Windows Media format only and the actual streaming is being provided by Web Creations & Graphics in Beckley. Our thanks to Danny Cole, owner of www.WCGNet.net, for making his media server available to us for this project.

Please forward this message to family and friends who are out of our local listening area if you think they might be interested in following the Spartans this season. We'd be happy to have them join us.

Join us each Friday evening at 7:05pm on the web or, locally, on 97.7 WRON-FM for Greenbrier East High School Spartan Football and best of luck to the Spartans!

>WRON Radio/Internet Coverage: The game will be broadcast live at 7:05pm on WRON 97.7-FM and on the Internet at <http://wron.com/GEHSAudio.htm>, a service of Web Creations and Graphics (www.wcgnet.net).
